

**The Same Wind Blows on Me**      C 1234 1

The wind that sweeps the desert sands  
The wind that storms the sea  
The wind that whispers round ma love  
The same wind blows on me

My love has travelled far and lang  
O how can he leave me  
Ah'm broken herted here ma lane  
And weary him tae see

An Ah miss him here beside me  
Ah miss his dark dark ee  
Withoot his touch, withoot his love  
Ah doot Ah'm like tae dee

In the cauld oor o a waukrife nicht  
When the sky is clear an free  
The moon an stars that shine on him  
Are shinin doon on me
